Fish Patagonia for as little as \$195 per day with Salmo Patagonia Lodge's self-guided program.

We offer an easy and affordable way to realize your dream to fish the mystic waters of Patagonia and it's legendary fish...

We have over twenty years experience working in Patagonia with customers from all around the world. Year after year we improve our services, infrastructure, equipment, vehicles, guides and fishing places.

Without a doubt we are a leading outfitter in this Region for first-class fishing trips, but, before all else, we are fly fishermen. We understand that there are fellow fly casters all around the world that cannot afford the cost of a first-class trip, but that would love to visit and fish these legendary waters. If, instead of five star service, you only require clean and comfortable lodging, hot water, a good bed and a superb bathroom, supported at all times by the staff of Salmo Patagonia Lodge, look, no further.
